Subject: Drayton Harbor No Shooting Zone

I want to thank the city council and Michael Jones for moving forward with a resolution for Drayton Harbor to be a no shooting zone. I live near the Dakota Creek Kayak Trail and frequently walk along the beach of the creek towards Montford Park. There have been times when I have heard gun shots, and hoped they were not headed in my direction. Since I bought my place in 2008 I have watched more individuals and families accessing the trail. Because of the increase of human activity on the beach, this is an important move.

Please keep me informed as this process moves forward with the county. I would be glad to voice opinion, if there is opportunity.

Thanks again,
Margarett Grant
